E-waste recycling gives back to disabled

United Cerebral Palsy Association of Greater Chicago, in collaboration

with its e-waste recycling and refurbishment program, Assistive Technology Exchange Network, which recycles donated computers and distributes them free of charge to children with disabilities in Illinois, delivered in November refurbished technology to schools in all 102 Illinois counties.

ATEN refurbishes any electronic and computer-related item (e.g., software

programs, monitors, keyboards, cell phones, printers and other peripherals) in any working condition. ATEN has 14 electronic collection sites/drop-off locations through out the Chicagoland, including at 332 W. Harrison St., in Oak Park.

For more information on ATEN, Greg Grill at (708) 444-8460, Ext. 231 or ggrill@ucpnet.org or visit www.ucpnet.org.
