DECEMBER 20, 2007**SCHOOL DIGEST****DISTRICT 109**

Headed by the Shepard Middle School Philanthropy Club, Shepard Middle School students donated hundreds of gifts to children in need this holiday season. Donations are given to children with Cerebral Palsy living in Chicago (through the United Cerebral Palsy Association).

Every homeroom gave generously to children in need. The students

have worked extraordinarily hard on this project and have thus made many children's holiday season happy. We are so proud of our students and understand that this kind of giving is what makes Shepard Middle School such a class act.
