The new Lottery ticket, Coin Craze, is available for \$2. These funds are used to expand and improve the services provided to Veterans throughout the state of Illinois. Coin Craze was launched on Oct. 23rd at the Pritzker Military Library in Chicago.

Since the beginning of the Veterans Cash Lottery in 2007 the IDVA has granted more than \$4.7 million to organizations supporting Veterans from around the state. Grants have ranged from \$2,500 for clothing, food and transportation to local VA hospitals for the sick and homeless Veterans, to \$125,000 for the expansion of a homeless shelter. One of the grant recipients was United Cerebral Palsy Association of Greater Chicago, who received \$238,000 in Veterans Cash grants to complete home modifications for disabled Illinois Veterans.
